Charles Barnes, Finance Dir.
Yvonne Adams, City Clerk

Mayor Easton said item #1 on the Special Work Session agenda is:

Discussion on an ordinance regulating wireless service facilities and associated wireless support structure within the right-of-way and elsewhere in the City of Bixby.

Presented by: Tammy Ewing

City Attorney Tammy Ewing stated that we have legislator coming on this small cell issues and what OML (Oklahoma Municipal League) is not having to do is have a bunch of cities pass different kinds of ordinances which would give companies a chance to argue with all these different cities and regulation to comply and we have to have a state statute to regulate this. Tammy stated that OML is trying to get a model ordinance so that we know that we can regulate this ourselves and also to impact the legislation. Tammy stated that I have drafted an ordinance to make sure we are ready to go and not really advising to pass an ordinance right now which it would make more sense to wait and see what the legislation looks like.

Discussion continued on this item.
No action taken.

Adjournment was called at 5:27 p.m.
