From: City of Bixby, Planning Department

Date: Monday, October 17, 2022

RE: **A variance is requested due to proposed accessory building larger than 800 square feet.**
Variance of the RV Carport and storage.

Location: 14044 East 210th Street South, Bixby, OK 74008
Lot Eleven (11), Block Seven (7), Bixby Ranch Estates

STR: Section 16, Township 16N, Range 14E

Applicant: Jef and Jennifer Swanson

REQUEST: **VARIANCE (BXBA-220.7)**
A variance is requested due to proposed accessory building larger than 800 square feet.
Accessory Building (RV carport and storage)

EXISTING ZONING; USE: (RE) Residential Estates; Single-Family dwelling

SURROUNDING ZONING; USES:
North: (RE) Residential Estates; Single-Family dwelling

STAFF REVIEW

The applicant is requesting a variance to construct an accessory building over 800 square feet. The applicant would like to construct an RV carport with connecting storage. The proposed structure will be 2,000 square feet. According to the zoning code, no accessory building in a Residential District may not exceed 800 square street. Anything over the said amount shall require a Variance with the Board of Adjustments. This property is in *The Bixby Ranch Estates* that originally zoned (RE) Residential Estates and the lot is five (5) acres.

UTILITIES/SITE AREA: The property is served by Rural Water and the property is on septic sewer system.

SITE PLAN:

STAFF COMMENTS:

1. The applicant provided a site plan for the subject property and it depicts the location of the proposed building.
2. The proposed building will be 2,000 square feet and located behind an existing barn.

PUBLIC COMMENTS:

No comments at time of this report

VARIANCE ACTION OF BOARD:

The board shall hold the hearing and, upon the concurring vote of three (3) members, may grant a variance after finding that:

1. By reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of this title would result in unnecessary hardship.
2. Such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same district.
3. The variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit and intent of this title or the Comprehensive Plan.

Provided, that the Board, in granting a variance, shall prescribe appropriate conditions and safeguards, and may require such evidence and guarantee or bond as it may deem necessary to enforce compliance with the conditions attached.

SAMPLE MOTION: *In BOA Case Number BXBA-22.07 I move that we (approve/deny) a Variance is requested due to proposed accessory building larger than 400 square feet.*

- Finding Hardship to be _____.
- Per the Conceptual Plan(s) and/or Figures shown on page(s) _____ of the Agenda Packet.

STAFF REVIEW

The applicant is requesting a variance to construct a small office building) approximately 1,250 sq. ft.) To be located in the rear of the property. It will be situated where an existing outbuilding was located, which will be removed for this new building. The existing driveway will not be altered. The plan by the Owner is to continue to have ten (10) employees working at this office, just add some additional space for the staff.

According to the applicant, per section 11-9-11 of the City of Bixby's zoning code, the parking requirements for an office space is 1 space per 300 sq. ft. of floor area. In the existing condition there is 2, 635 sq. ft. of office space which results in 9 parking spaces required on site. With the new building addition there will be a total of 3, 915 sq. ft. of office space with results in 13.05 parking spaces required. Currently the site can park six (60 cars adequately. Thus, currently the site does not provide the required parking spaces per the zoning code. This is a nonconforming use. But can provide the spaces the businesses needs to function.

UTILITIES/SITE AREA: The property is served by Bixby Water and Sanitary Sewer system.

City of Bixby Board of Adjustment
116 West Needles
Bixby, Oklahoma 74008

Re: Jenkins & Kemper, CPA – 116 W Breckenridge

Board of Adjustment-

Jenkins & Kemper, CPA is located at 116 W Breckenridge. The business is situated in a restored residential home that has two small outbuildings in the back yard with an existing half circle driveway in the front and another driveway for parking in the back – see attached survey. Currently there are ten (10) employees who office out of this office and are able to park on site as needed.

Jenkins & Kemper, CPA, is proposing to add a small office building (approximately 1,250 sf) in the back of the property. It will be situated where an existing outbuilding was located, which will be removed for this new building. The existing driveway will not be altered. The plan by the Owners is to continue to have ten (10) employees working at this office, just add some additional space for the staff.

Per section 11-9-11 of the City of Bixby's zoning code, the parking requirement for an office space is 1 space per 300 sf of floor area. In the existing condition there is 2,635 sf of office space which results in 9 spaces required on site. With the new building addition, there will be a total of 3,915 sf of office space which results in 13.05 spaces required. Currently the site can park six (6) cars adequately. Thus, currently the site does not provide the required spaces per the zoning code, thus is a nonconforming use, but can provide the spaces the business needs to function – see attached Site Plan.

Recently the City of Bixby has completed a street scape project in downtown to provide on-site parking. Within a block of this site, there are 85 available parking spaces – see attached Exhibit A. This property is zoned CS but is located in a downtown district. In surrounding jurisdictions, there is a special zoning for downtown districts to waive or reduce parking requirements due to presence of on-street parking, to create a downtown feel.

Also, the Owner has an agreement with Crossroads Fellowship Church to allow overflow parking to park in their parking lot across the street – see attached letter.

Therefore, we request a variance to the on-site parking requirement due to the following facts and hardships:

- The site is currently non-conforming to the parking requirements
- The site currently functions on-site for employee and visitor parking
- The owner is not adding additional staff with this addition
- The parking needs will stay relatively the same as existing conditions
- There is adequate on-street parking within walking distance if needed
- There is an agreement with the neighbor across the street to allow overflow parking to park in their lot.

Thank you for your time on this matter.

Sincerely,

A. Nicole Watts, P.E., CFM
