GENERAL SCOPE OF SERVICES

CEC Corporation (hereinafter referred to as CEC) proposes to provide professional services as described herein to City of Bixby (hereinafter referred to as CLIENT). The following is our understanding of the project and scope of our recommended design services associated with the proposed sanitary sewer line replacements in the Privett Addition neighborhood and at the Parkwood Apartment complex.

Our basic understanding is to replace existing 8-inch vitrified clay sanitary gravity sewer line as described below. The scope of the project will include engineering design to preparing a biddable plan set for proposed construction, said plan set to be reviewed and approved by the City of Bixby.

- Privett Addition (see Figure 1): replacement of approximately 3,700 linear feet of sewer line in a residential neighborhood on the north side of 151st Street between Armstrong Street and Riverview Drive. Proposed sewer line shall connect to existing manholes, which shall remain in place. Sewer lines south of Washington Street are reported to be currently under construction by a developer, project design will include coordination of the best connection point to that work.
- Parkwood Apartments (see Figure 2): replacement of approximately 440 linear feet sewer line in an apartment complex south of Stadium Road between Main Street and Riverview Drive. Proposed sewer line shall connect to existing manholes, which shall remain in place.

Figure 1 -Privett Addition

Figure 2 - Parkwood Apartments

Our proposed Scope of Work is as follows:

CIVIL ENGINEERING SITE DESIGN SERVICES

- Geospatial Services
 - See attached proposal
- Provide necessary coordination with the CLIENT throughout the design process.
- Attend coordination/review meetings with the CLIENT following CLIENT review of each submittal.
- Evaluation of existing sanitary lines
 - Review of CCTV footage (if available) to verify alignment of pipe and manholes and to determine location of service connections and any existing point failures along pipe.
 - CLIENT shall provide CCTV footage.
 - Coordinate with CLIENT on the installation method of proposed sewer lines
 - Coordinate with CLIENT and developer of lines currently under construction with the Privett Addition project.
- Construction Documents (Sanitary Sewer Construction Plans)
 - Separate Construction Documents shall be prepared for each of the two locations.
 - Plans shall be prepared to the specifications and standards of the City of Bixby and the Oklahoma Department of Environmental Quality (DEQ).

- Plans may include: cover sheet, pay quantities and notes, pipeline plan & profile sheets, storm management and erosion control, additional detail sheets
 - Plans submittals shall be at Preliminary (60%), Final (90%), and Construction (100%) phases.
 - Preparation of pay item summaries and Engineer’s Estimate of Probable Costs shall accompany each plan submittal
 - Specifications shall be per the City of Bixby Engineering Design Criteria Manual
- Prepare and submit Form 656-SER “Sanitary Sewer Engineering Report” and Form 583-B “Permit to Construct” to Oklahoma DEQ.
 - CLIENT shall provide capacity and current flow of existing sanitary lines being connected to.
- Bid Services
 - Answer any questions that arise during bidding and provide documentation requested by Owner for Addendums,.
 - Attend Bid Opening
 - CLIENT shall provide Bid package, facilitate bid opening, and award contract.
- Construction Administration Services
 - Provide Conformed Drawings to incorporate changes made during the Bidding Phase to present a unified set of documents for use during construction.
 - Review submittals and Request for Information (RFI) from contractor.
 - Answer questions, attend meetings and final project walkthrough as requested by CLIENT
- Record Drawings – Provide a set of as-built drawings based on construction redlines
 - Construction redlines shall be provided by the Contractor.

ITEMS EXCLUDED FROM THE SCOPE OF WORK

- Geotechnical investigation

STANDARD TERMS AND CONDITIONS FOR PROFESSIONAL SERVICES

These Standard Terms and Conditions, together with the attached proposal, make up the Agreement between the named Client and CEC Corporation (CEC). Before countersigning the Agreement or verbally authorizing work, be sure you read and understand its contents, which deal with the allocation of risks and duties between the Client and CEC.

1. Scope. The scope of work for the Engineering Services to be provided is specifically set forth in the attached proposal, submitted to Client by CEC. If Client requests a change in the scope of the Services to be provided, CEC reserves the right to revise delivery schedules and make an equitable adjustment to the price. Client acknowledges and agrees that CEC is providing the Services only and is not providing or participating in the provision of any product(s). CEC will not be obligated to provide any services which are (a) outside of the scope defined in the applicable documentation; (b) outside its area of expertise; or (c) in violation of any applicable laws, codes or regulations.

2. Standard of Care. CEC will perform the services limited to and in accordance with the skill and care ordinarily used by qualified professionals performing the same type of services at the same time under similar conditions in the same or similar locality. No other standards or warranties, expressed or implied apply. The Client will notify CEC in writing of any deficiencies in the services within 15 days of their discovery but not later than 120 days after substantial completion of the services. The Client will give CEC a reasonable opportunity to correct these deficiencies.

3. Client's Responsibilities. Client will provide permits, licenses, approvals and consents necessary for performance of the services, except those maintained by CEC for its ordinary conduct of business. Client will provide CEC with all reasonably available documents that are related to the services, including information related to hazardous materials or other environmental and geotechnical conditions at the site. Before CEC performs any subsurface activities, the Client will provide all available information concerning underground services, conduits, pipes, tanks, other facilities and obstructions at the site. CEC will rely on the documents and information provided by the Client. The Client grants CEC and its sub-consultant(s) permission to enter the site to perform the services. If the site is owned by others, the Client represents and warrants that the owner has granted permission for CEC to enter the site and perform the services. Client will provide CEC with written verification of site access permission upon request.

4. Payment. Client will compensate CEC for the services at its standard rates, and reimburse its expenses. CEC will submit periodic invoices that are due upon receipt, regardless of Client's receipt of payments from third parties. The Client will notify CEC in writing within 10 days of any disputed item on the invoice and pay all undisputed items within 30 days from invoice date. Overdue payments will accrue interest at the lower of 1½ percent per month or the maximum lawful rate. CEC may terminate its services upon 10 days written notice any time payment is overdue on any account with the Client. Client agrees to pay for all services through termination, plus termination and collection costs, including reasonable attorneys' fees and expenses. CEC reserves the right to withhold final reports, letters of compliance, or any other relevant document until all past due invoices have been paid. The attached price list shall be adjusted annually as of the date of execution for this agreement.

5. Limits on CEC Responsibility. CEC will not be responsible for the acts or omissions of any others, except for its employees and sub-consultant(s). CEC will not supervise, direct or have control over any contractor's work. CEC will not have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction, for work site health or safety precautions or programs, or for any failure of contractors to comply with contracts, plans, specifications or laws. Client acknowledges that CEC does not warrant or guarantee the approval or receipt of any governmental permits or approvals, or the time to obtain such permits or approvals.

6. Changed Conditions. The Client acknowledges that encountered conditions may differ considerably from those anticipated, that laws and regulations are subject to change, and that regulatory requirements may be unpredictable. CEC will notify the Client if additional services, costs or time become necessary due to any of these factors and the parties will negotiate appropriate changes to the scope of services, compensation and schedule. In the event of an emergency, CEC may take immediate steps to protect public safety, health and the environment, and will be equitably compensated for its work by the Client. CEC will not be responsible for delays, failures to perform or extra costs due to weather, labor disputes, intervention by or inability to get approvals from public authorities, acts or omissions by the Client, or any other causes beyond CEC's reasonable control. The Client will compensate CEC for any increase in its costs resulting from any of these factors.

7. Documents and Information. All documents, data, calculations and work papers prepared or furnished by CEC are instruments of service and will remain CEC's property. Designs, reports, data and other work product delivered to or on behalf of the Client are for Client's use only for the limited purposes disclosed to CEC and subject to Client paying for the services to provide said work product. Any delayed use, use at another site, use on another project, or use by a third party will be at the user's sole risk and Client agrees to indemnify CEC against any liabilities resulting there from. Any technology, methodology, or technical information learned or developed by CEC will remain its property.

8. Confidentiality and Subpoenas. Information about this Agreement and CEC's services and information provided by the Client about the services will be maintained in confidence and will not be disclosed to others without the Client's consent, except as CEC believes is necessary to perform its services, comply with professional standards to protect public safety, health and the environment, and to comply with laws and court orders. CEC will make reasonable efforts to notify the Client prior to any disclosure except as necessary to perform its services. Information available to the public and unprotected information acquired from third parties will not be considered confidential. The Client will reimburse CEC to respond to any subpoena or governmental inquiry or audit related to the services at CEC's standard rates then in effect.

9. Insurance. During the work, CEC will maintain workers' compensation, commercial general liability, automobile liability, and professional liability insurance in the following minimum amounts: Workers compensation statutory amount; General liability \$1,000,000 per occurrence, \$2,000,000 aggregate; Auto liability \$1,000,000 per accident; Professional liability \$5,000,000 aggregate. CEC will furnish certificates of insurance upon request. CEC will purchase project specific insurance at Client request if it is commercially available and Client pays the premium and the costs to obtain the additional coverage.

10. Limitation of Liability. To the fullest extent permitted by law and notwithstanding anything else in this Agreement to the contrary, the aggregate liability of CEC and its affiliates and sub-consultants and their employees, officers, and directors for all claims arising out of this Agreement or the services is limited to the compensation received by CEC under this agreement or \$25,000 whichever is greater. This limitation applies to all injuries, damages, claims, losses, expenses and defense costs, whether based in contract, negligence, strict liability, statutory, trespass, indemnity, misrepresentation or any other theory of liability. No claim will be valid if presented to CEC more than ten (10) years after substantial completion of the services or, if shorter, the applicable statute of limitations period. CEC will not be liable for lost profits, loss of use of property, diminution of value of property or goods, delays, cost to obtain replacement samples, or other special, indirect, incidental, consequential, punitive, exemplary or multiple damages. CEC shall not be liable in any event for any special or consequential damages suffered by the client arising out of the services hereunder. Special or consequential damages as used herein shall include, but not be limited to, loss of capital, loss of product, loss of use on any system, or other property, or any other indirect, special or consequential damage, whether arising in contract, tort (including negligence), warranty or strict liability.

11. Disputes. All disputes between the Client and CEC shall be subject to non-binding mediation. Either party may demand mediation by serving written notice stating the essential nature of the dispute, the amount of time or money claimed, and requiring the matter be mediated within forty-five days of service of notice. The mediation shall be administered by the American Arbitration Association in accordance with their most recent Construction Mediation Rules, or by such other person or organization as the parties may agree on. No action or suit may be commenced unless mediation has occurred but did not resolve the dispute, or unless a statute of limitation period would expire if suit were not filed prior to such forty-five days after service of notice.

12. Assignment. Client may not assign the Agreement between CEC and Client without the prior written consent of CEC.

13. Delivery/Force Majeure. CEC shall have no liability for delays or any other breach of its obligations resulting from an Act of God, war, riot, explosion, accident, act of government, work stoppage, default of subcontractor or supplier of materials, or any other cause beyond the reasonable control of CEC.

14. Other. This Agreement shall be governed by Oklahoma law. This Agreement becomes effective when fully executed by all parties and will remain in effect as defined by the requirements of the work. The above terms and conditions regarding Limitation of Liability and Indemnification shall survive the completion of the services under this Agreement and the termination of the contract for any cause. Any amendment to this Agreement must be in writing signed by all parties. This Agreement supersedes any contract terms, purchase orders or other documents issued by the Client. If these Terms and Conditions have been provided to you, CEC must receive this fully executed document or written authorization to commence services. The provisions of this Agreement are severable; if any provision is unenforceable, it shall be appropriately limited and given effect to the extent that it is enforceable. Headings in these Terms and Conditions are for convenience only and do not form a part of the agreement. Nothing in this Agreement shall be construed to give any rights or benefits to third parties.
